## KWAN YIN BIRTHDAY — 12 MARCH

Kwan Yin's themes are children, kindness, magic, health and fertility. Her symbols are a lotus, black tea, rice and rainbows.

Kwan Yin is the most beloved of all Eastern Goddess figures, giving freely Her unending sympathy, fertility, health and magical insight to all who ask.

It is Her sacred duty to relieve suffering and encourage enlightenment among humans. In Eastern mythology, a rainbow bore Kwan Yin to heaven in human form. Her name means 'regarder of sounds', meaning She hears the cries and prayers of the world.

If you hope to have children or wish to invoke Kwan Yin's blessing and protection on the young ones in your life, you can follow Eastern custom and leave an offering for Kwan Yin of sweet cakes, lotus incense, fresh fruit and/or flowers. If you can't find lotus incense, look for lotus-shaped soaps.

*Happy Birthday to 3 of our lovely Lion Dance/Jade Dragon mothers who turned 50 last month
